TUESDAY EVENING, MARCH 24, 1909,

ALTHOUGH THE people of the country have been told from time to time during the past two years that the war in the Philippines is over and that peace prevails there, just so often do reports interests there, supposed to be endangered on account of the revolution which vails there, just so often do reports from those far away islands contradict these statements. Dispatches from Manila today say that the town of Surigao, in the northeastern part of the Island of Mindanao, was captured yesterday by Ladrones, who killed Constabulary Inspector Clarke and several others. A detachment of 30 men belonging to the Tenth Infantry is hurrying from Illigan, on the northeast coast of Mindanao, to Surigao on the transport Reilly, with orders to recapture that place. The Filipinos were at war with Spain for four hundred yerrs and it looks now as if they have but transferred their elamity to the recent purchasers of their islands and will fight the United States for the next four hundred years. They will continue to fight for their independance. will continue to fight for their independence and that is just what the people of this country fought England for.

A letter written by Mrs. Burdick in New York, to Burdick, was read. It showed the divorce was to go by default, Mrs. Burdick agreeing to make no defense. That was because Burdick had promised if she made no defense she should have the children half of each year. Later she decided to make a de-fense to save her honor, as she knew nothing could prevent a mother from seeing her children. Witness and Penuell had expected Mrs. Pennell to obtain a divorce but when the last named declined to procure one, Pennell decided to defend Mrs. Burdick's suit. Pennell told witness that when she had been di-vorced he would go West, procure a divorce and then marry her. She did not know whether Pennell had any private means, as he was a silent, reserved, man, and told her nothing of his private affairs, though she was intimately ac-quainted with him for six years. "Isn't it a fact, Mrs. Burdick," suddenly asked the prosecutor, "that Pennell gave you his bond to secure the payment to you, of \$25,000?" Mrs. Burdick did not reof \$25,000?" Mrs. Burdick did not remember; there was a legal paper of some kind in a package Pennell gave her. She never saw any such bond and Pennell never promised her such a paper to secure her against want. My Saviour ever kind to me— I love him fond and true, Does he forbid my wounded hear! To love my Aubrey, too? Can he be dead? Or has a dream My throbbing brain beguited; Or shall I in this world again No more behold my child?

In the golden fields beyond the tomb, There will my darling dwell— A flower of immortal bloom. Now, Aubrey, dear, farewell!

I leave you in your Saviour's arms, On that eternal shore, Where loved ones, parted here below, Shall meet to part no more.

In loving, but sad remembrance of my dear little boy, LEON AUBREY ANDERSON, who died one year ago today, March 24, 1902. My thoughts have oftimes wandered Toward the silent grave, Where sleeps the one I love so dear; The one I could not save.

Go not far in the land of light; Walt awhile at the golden gate, Lest I should lose you out of sight; Wait, my darling, wait.

MAMMA AND NANNIE,
